**Town Hall Scheduling and Formatting:**

- Townhalls meetings are normally held 3-4 times year. In addition, meetings are individualized based on communities instead of one townhall meeting for all communities.

- Question Robert F: What does this committee want to see for these townhall meetings regarding scheduling and formatting?

- Question Ximena AG: Have residents express that quarterly townhall meetings was enough?
  - Chris D: From previous years, quarterly townhall meetings have been enough.

- Question Ross T: What is the typical attendance for these townhall meeting?
  - Malia M: There are generally 4-6 people maximum. Normally, residents who are attending are coming to speak on behalf of a specific cause. For example, a smoking issue, and/or a new resident coming to gain more information about the community, amenities etc.

- Comment Laura C: In previous years, there was almost a 100 attendance in these townhall meetings.

- Comment Anupam: HDH is currently in the process of getting a webinar license. In addition, receiving this license will aide in receiving the general idea for future attendance virtually. There also may be an influx in attendance with the spring and fall incoming residents.

- Question Robert F: How does the GFHAC committee foresee questions from residents to be addressed and collected? For example, questions from residents be collected prior to townhall meeting to ensure appropriate staff and faculty are present to answer questions? In addition, if the questions are collected prior, how will it be collected and monitored? And will these townhall meetings be scheduled for mornings or evenings?

- Comment Steven B: It would be a good idea for questions from residents to be submitted prior to meeting.

- Comment Ross T: Potentially allocating about 5-10 minutes at each townhall meeting for any floor questions. In addition, to making aware to those who are asking question on the spot may not receive an appropriate answer right away as individuals with the answers may not be present.

- Comment Robert F: In past townhall meetings, when questions could not be answered right away, residents were not particularly happy as it was perceived as a method of avoidance.

- Comment Ross T, Ximena AG and Steven B: Evening will be best for the times to schedule the townhall meetings with a time preference of 6pm.

- Comment Robert F: The Co-Chairs will work on the schedule and outline for the townhall meetings.

- Comment Anupam G: The consensus indicates that the townhall meetings will consist of a digital RSVP, any resident questions will be asked to submit prior to meeting, meetings are suggested to begin at 6pm on a weekday except Fridays. In addition, a timeline for the first townhall meeting to be after the general council meeting, so March 11, 2021 as a potential date for the first townhall meeting. Invites will be sent out before the next GFHAC meetings on March 4, 2021.

- Question Ross T: Are the townhall meetings normally 60 or 90 minutes long?
  - Malia M: The town hall meeting are generally 60 minutes.
